## taking a long lesson

She's been waiting to fuck her man, and now she's finally gonna do it. Wearing so little to begin with means there's little hassle getting naked, and so there's more time for fucking. She pulls his pants down and gets right to work on his cock. Her wet mouth cradles his shaft. Once he's nice and stiff the fun can really begin.

# Just a Gigolo How to get laid... and paid...

*If you love hot fucking and want to earn some cold cash, maybe you should consider working as a stud in a Nevada brothel. It should go without saying, though, that you have the inclination—and can meet the rather stiff requirements. But if you do, you can get laid and paid all on one shot. Here's how to get in on the action...*

## It's Legal!

First, a quick look at prostitution in the state of Nevada. Since the wild and woolly days of the early miners and cowboys, prostitution along with gambling has been an integral part of the action in Nevada—and are completely legal activities. Really interested? Rest assured there will be no hassles with the law.

Not too long ago, prostitution has taken the traditional course—guys paying girls for sexual favors—but that has changed. It appears male prostitutes can be found plying their trade in some of the houses of Nevada.

One such brothel is looking for a few good men. Sheri, the madam and owner explains: "I'm getting more and more swinging couples who want to hire the services of a male rather than female to fill out their threesome. Or a woman will ask about the availability of men. If I'm going to stay on top of things—and I certainly intend to do that—I'm going to be needing a couple of top quality male hookers."

So far her "boys" have been on call rather than regulars. This means that when a swinging couple wants to get it on with a male, Sheri has to make a few phone calls and then wait for the guy to show up and do his thing. "This isn't good business," she says. "There's the delay involved while I'm calling and waiting. I don't like to make my customers wait around like that. I want the action to be here at the ready, willing and available for inspection."

For those who are not familiar with the brothel scene In Nevada, Sheri was at one time one of the most famous madams in the state. The petite, pretty brunette is college educated, business minded, and has over 20 years of experience in the trade. Those in the know believe that if Sheri starts offering the services of male prostitutes, other houses will follow suit.

## The Ideal Man

What type of stud is Sheri looking for? Based on interviews with the madam and her staff, here is a composite picture of the ideal male prostitute:

- The old "tall, dark and handsome" physical characteristics are still highly desired. The ideal "candidate" should be around six feet tall, weigh about 175 pounds, and have broad shoulders tapering down to narrow hips.
- He should have thick, dark, well groomed, hair and sport a neatly trimmed beard or mustache.
- His skin should be tanned and unblemished.
- Our "man" should possess a thick cock, about eight inches in length.
- Perhaps even more important than looks, the ideal male prostitute must be a good actor.

# How to turn your talents into real money... if you've got the balls

Sheri reveals why acting ability is as important as endowment: "If a guy does his job half-heartedly or just goes through the motions like a robot, it won't work. Whether he is enjoying the sexual episode or not, the male prostitute must always act like he's digging the action. This is part of what the customers pay for—moans, groans, gasps, sighs, and pretty much saying the right thing at the right time."

The successful male prostitute must have "good parlor presence." This means he must possess the ability to engage potential customers in conversation, to drink (and hold his liquor), and be generally bright and entertaining. The parlor is where the sexual transactions are made, and few people want to part with their hard-earned cash on some dull dude, even if he is a handsome hunk. So, in short, the male prostitute must be a good sexual salesman in addition to being good in the sack. Just how good in bed? Here are a few of the essentials:

## Sex Skills

The man of the house must be expert in the art of going down on a woman ... not just passable, but E-X-P-E-R-T! And not fussy. He must be ready, willing and superbly able to eat any pussy that walks through the door. He must willing to eat old ones, young ones, hairy ones, shaved ones, even fat or stubborn ones—just about any with the same gusto as if he were going down on Bella Hadid.

Second in the performance category is fucking. That doesn't mean just getting it up, but energetically engaging in all-out, no-holds-barred fucking in any imaginable position for at least an hour; resting a few minutes, and then getting it up and going again for another hour. And remember, the chick that's soaking up all this attention is paying for a professional performance for her pleasure, not yours.

Third, our stud must be thoroughly familiar with almost all varieties of sex toys (vibrators, dildos, ben-wa balls, butt plugs, etc.) and know how to get the most out of them. He should be able to do her thing not only in the comfort of a warm bed but in a whirlpool bath, hot tub or shower. In short, he must be capable of doing just about anything and everything expertly in the art of sex and pleasing a woman.

Fourth, the most desired male prostitute will be bisexual. Sheri explains why: "When swingers come in and want to do it with another man, there are times when the girl wants to see her man getting it on with another guy. Of course, some guys like to see their wives or girlfriends get it on with another woman, the lesbo scene, so why not the other way around? This is part of the business. If a guy isn't willing to suck a cock of member of a swinging couple, he won't make it as a male prostitute."

The ideal male prostitute should also be able to be sexy—dressed or naked, possess a winning smile and maintain a clean, trim body. These are

demanding requirements but the benefits are considerable indeed.

## The Payoff

The primary incentive to this line of work is the decent amount of cash that can be earned. For example, a quick lay—say, a half-hour session, just enough to get a girl off—will put about 100 bucks into the wallet. A full-fledged sexual scene with a swinging couple will be worth well into the hundreds, possibly as high as $1,000. This, the basic pay, is often augmented by generous tips from satisfied customers.

How much might a guy expect to earn in a week? Obviously, it depends on the pay-for-play traffic as well as a guy's staying power. For a ballpark figure, let's assume that business is good and you are cap able of standing up to a couple of hours of heavy sex per day. This should garner a nice paycheck every week. Not bad pay for doing what comes naturally, eh?

Another fringe benefit of this arrangement is room and board. This means a room of your own, in which to live and work. The house will provide meals, do the laundry and cleaning, and take care of all those incidentals that go to make up everyday living. Basically, all you must do is perform sexually.

A bonus benefit is that you'll be living with a houseful of talented ladies. How do the female hookers feel about working with a male prostitute? Every girl we polled was enthusiastic. The girls even felt a male should command higher prices than his female counterparts. Why? "Because a guy can't work as much as we can. A guy has to get it up. We don't."

There are also windfalls for the truly talented or lucky. Show business people and "big money" types have been known to frequent the brothels of Nevada. A handsome male prostitute just might be able to break into television or movies if the right customer happens to swing by... or he might become the "traveling companion" of a wealthy matron.

If you're interested in banging for bucks, how do you go about landing a job? Well, don't start writing or calling the houses of 'ill repute.' That would be a waste of time and money. "I can't tell anything about a guy from a letter or a phone call," says Sheri. "I have to see him, talk with him face to face. Then if I like him he'll have to pass certain tests, and demonstrate that he's got what it takes." (We'll leave those methods of assessment to the imagination.)

"Most guys think they are much better sexually than they actually are. There's probably not one guy in ten thousand who would make a decent hooker." That appraisal comes from a lady who really knows the score.

The odds are slim but the rewards are tempting. So if you want to give it a shot, take this advice: Don't quit your day job thinking you'll take the world by storm. It probably won't happen. However, if you happen to be in Nevada and you're sure you have what it takes, find a house that offers the services of male prostitutes and make an appointment to get evaluated. Who knows? You just might be that one in ten thousand.

# Fulfilling Your Favorite Fetish

Lynn loves to have her partners to tie her down spread-eagled to her bed and then fuck her. And they do. Leon, a thoroughly macho man, is most turned on when he's fucking a woman while dressed in a negligee. And his lovers are thrilled to indulge him.

Bob loves to fuck women in the ass and he's found no shortage of volunteers.

Why are Lynn, Leon and Bob so successful at getting their partners to share their fetishes? They've learned the secret of asking for what they really want, for what turns them on the most, and of convincing their lovers that they'd enjoy it too. You too, can fulfill your every sexual desire, no matter how kinky you might think it is.

### *The Quiet Approach*

If what you want is just a variation on so-called "normal" sex, you can probably lead into it during sex play without ever having to ask directly. For example, if you are like Bob who's really turned on by his date's ass, start sex play as usual but concentrate on stroking and fondling her butt. If she responds to that, go one step further and use a wet finger to play with her asshole while stroking her cunt with your other hand. Keep stroking her cunt while you turn her over on her stomach, and begin licking from her neck down to her asshole. Concentrate more and more on her anal area. Then grease up the head of your cock and rub it all around her anus.

Tease her by going in a tiny bit and then withdrawing. If she enjoyed your licking her, try telling her that your cock is just like a big tongue that is going to lick her deeper and deeper. By this time she ought to be moaning for you. If she is, you can just take it from there and start to fuck her slowly in the ass.

It is always wise to go slow and be sensitive to her signals. Anal sex can hurt. Tell her how much you are enjoying fucking her in the ass, and keep stroking her cunt and playing with her clit. If she gets scared or hurt and asks you to stop, do so immediately. You can try again another night.

In fact, before actually penetrating her ass you can draw out your preliminaries over several nights of lovemaking, each time progressing a little further. If she asks you to stop at any point, ask her what she did not like. She may just need the reassurance of knowing that she can trust you to stop when she says "enough," or she may prefer some variation in sexual technique. She may be squeamish about your licking her ass, but not about your inserting a finger and moving it around.

### *The Direct Approach*

If what you want sexually is more unusual (you want your partner to tie you to the bedposts and give you an enema), you will have to be more direct in making your wishes known.

Leon, who likes to dress in women's clothing, thinks his ideal partner is a woman who finds him sexy in a black garter belt and seamed stockings. Over the years Leon has learned how to get what he wants. Here's how:

Leon waits until his date is really turned on before saying, "You know what would really turn' me on even more? I'd love to fuck you while wearing your underwear. I'd like to feel your nylon panties

around my ass when I come inside you."

And you know what? Leon's timing is so good that this is exactly what usually happens. Leon has mastered the technique of asking for what he wants in such a way that his partner feels his preference for sexy lingerie just makes him hotter for her. And he has learned to use his excitement to turn her on to his fetish without feeling like a fool. It is usually only a short time until Leon has taught his partner to enjoy sex with him while he is wearing everything from a merry widow corset to high-heeled mules and a red negligee.

***The Basics***

Here are five basic things you have to learn before you approach a potential fetish partner:

Accept that what turns you on is what turns you on. Don't fight it. Then decide that if you are going to get your fetish fulfilled, you must be the one to initiate it. No one can read your mind.

1. Be prepared to state your particular preference unapologetically, preferably in the sexiest, most appealing way possible. You want your partner to be turned on too.

2. Timing is everything. Wait until he or she already likes, trusts and is turned on by you before you ask for anything really unusual. Trust is especially important if your preference involves doing something potentially unpleasant.

3. The two best times to ask are during sex, when you know your partner is already aroused, and anytime the two of you are talking about sex. If necessary, initiate a discussion yourself about what really excites you.

4. Try to introduce what you want in small stages over successive lovemaking sessions. This way your partner has time to get used to the idea, and also time to learn to enjoy it.

Here is how Lynn used the five rules to get what she wanted. First, she waited until she and her lover were in bed together and he was sexually excited. Then, just as he was about to enter her, she asked him to hold her hands above her head while he fucked her. She said that the idea of being totally in his power really turned her on.

Another time she asked him to fuck her while he held his hand over her mouth. When Gene seemed to be getting off on her suggestion too, Lynn asked him if he would gently tie her feet and hands with scarves, so she would be even more helpless. She kept letting him know what a great lover she thought he was and how excited this kind of sex play made her. She and Gene happily shop for the latest in sex toys at their regular online sex store.

Not everyone of course is as open to sexual experimentation as Gene. What if, despite your best efforts, your partner still seems reluctant to try your heart's desire? The first time you asked, you may have even gotten a flat "No! That's a disgusting idea." Do not be discouraged. This does not necessarily mean that you will not eventually get what you want, just that you will have to be cleverer in your approach.

*Try one or more of the following:*

• Ask your partner to try it just this once. Make it clear that if he or she does not like it, you will stop immediately. If your partner does agree to try it "just this once," do not go whole hog. For example, if you are into rubber, this is not the time to dress both of you from head to toe in rub-

ber garments, while fucking on rubber sheets. Aim to incorporate only one rubber item as subtly as possible into your normal sex play.

Do go all out to excite your partner in ways you know have been pleasing in the past. Your goal is to teach your sex partner to associate your fetish with his or her sexual pleasure. You can add more sophisticated flourishes later.

• Give your partner time to get used to the idea, and then bring it up again. After all, he or she has probably never been asked to do anything "weird," like tie someone up, dress in rubber from head to toe, or do whatever your kinky scene might be. Any new idea always take getting used to.

• Suggest a trade-off. Offer to do whatever turns on your partner first, to be followed at a later date by your choice of sex play. Maybe they have some secret desire that they have been too embarrassed to share, for fear of turning you off.

***A Short Expose***

Barbara, for example, had always wanted to go out while wearing a short skirt with no panties. She wanted to sit on a bus with her legs spread, so any guy sitting opposite her could see her cunt. She was afraid to do this by herself, for fear of being sexually assaulted.

When her boyfriend John asked if she would rub her pussy in his face while he masturbated, she at first was taken aback and said no. However, when John asked her if there was anything she had always wanted to do but had been afraid to suggest, they worked out a trade.

One night he accompanied her on a bus ride. They sat in the back, across from a guy Barbara found attractive. She then spread her legs and exposed herself, as if by accident. The more the stranger looked at her cunt, the more turned on Barbara became. Her pussy got so wet she started to drip her juices onto the bus seat. Then she and John went home and fucked their brains out.

The next night John got what he wanted sexually, and they soon learned how to combine both their preferences. They would go somewhere and Barbara would expose herself to a strange man, while pretending it was an accident. Then, after she was really excited, they would go home, strip down, and then she would rub her hot cunt in John's face while he jerked off. Then John would lick her cunt until she would come too.

***Be Patient***

When asking your partner to indulge your fantasy, it is always important to keep your sense of humor and your perspective. It is especially important to learn how to deal with rejection. Be prepared for most of your dates (unless you and they have unusually sharp sexual antennae) not to initially share your sexual proclivities. After all, if what you like were common, it would not need explaining.

If, despite you request your partner absolutely refuses to go along with your preference—or tries it once or twice and says a firm "never again"—give up gracefully. He or she is probably not the right person for you in the long run. Unless you are willing and able to forego your fetish forever, or to satisfy it on the sly with others, your time would be better spent looking for someone who is more in tune with you sexually. You are bound to find someone who pleases you eventually.

# clumsy cum dumpster

## viva

The day was running slow, and her shift was nearly over. Her only customer was ordering his last drink after eyeing her for two hours. A slip and fall later had she found herself drying the massive lump in his pants. As she rubbed it got harder, and she just had to see what was hiding underneath.

# denisa

## toying with my holes

There are two kinds of fuckers around: people who like ass, and squares. Denisa is certainly not a square. Whenever she and her man are gonna fuck, her first question is ‘where is he sticking it?’ No matter the agenda, she fucks with a smile on her face and raw passion in her movements.
